Title: Need to open branches of insurance companies at Adoor in Kerala.

SHRI KODIKUNNIL SURESH (ADOOR): Adoor in Kerala is one of the important places which is under the municipal area of Pathanamthitta district. Adoor town is also one of the Taluk headquarters in Kerala. There are thousands of vehicles in this area. But so far there is no insurance company. There is a long-pending demand from the people of this area to set up any one of the insurance companies like United Insurance Company, General Insurance Company at the earliest. The different types of vehicle owners are facing a big problem for insurance of their vehicles and other related works. Hence, I would like to request the Government, Ministry of Finance to take urgent steps in this matter.
